IIIT Kalyani

Dear Recruiters,

Subject: Invitation for Placement & Internship Offerings

It is a great pleasure to cordially invite your esteemed organization to participate in our campus placement program to consider students graduation in 2019.

The quality of education is growing up day by day with the updated knowledge of Science and Technology in every field of Computer Science. We have highly qualified teachers and coordinators as well as efficient staffs here. The students are very good as both a learner as well as developer. Students do learn the Algorithms and Coding well. Some students are good at Software and some are at Hardware. Students are doing projects on modern days World class problems under the guidance of our teachers, with having some positive results.

The form of education we need today is not just to create a set of robotic minds and fulfill their destiny; instead to have developed individual personalities including character, commitment, conviction, courtesy and courage. The main goal of our institute is to not only prepare students for their bright career in future, but also build a mindset on their skills and passions, and to serve the society and Nation as the perfect Engineers by taking the responsibility of making the Nation stronger than before with the help of innovative ideas and technologies.

Being new to the world, we are striving hard to reach the world class companies and bring the Industry and Academia closer and closer. Most of the faculty members have R&D projects 1sponsored by leading National and International agencies and other faculty members are engaged in development of processes and software products. On the other hand, the Project works related to industries in the curriculum of the academic programme at the degree level is a major element in which the students use their previously learnt engineering skills, develop new skills and abilities. Also the previous years placement was very good. Please find the brochure attached with this mail.

Our Current Assets:-

About IIIT Kalyani: We are pleased to inform you that IIIT Kalyani (an institute of national importance) is an autonomous institute under MHRD, Govt. of India, Department of Information Technology & Electronics, Govt. of West Bengal and Industry Partners. The institute has been set up with an objective to produce best-in-class human resources in IT and to harness the multidimensional facets of IT in various domains.

Under the guidance of the Mentor Director *Prof P. P. Chakrabarti*, (Director IIT-KGP), *Prof. A. Basu* (Director NIT-DGP) and number of industry representatives, the institute aims to excel in education and research in Information Technology and allied areas.

Why Us?

- *Locational Advantage:* IIIT Kalyani is located at an hour drive from the bustling metro-city, Kolkata, which is also hub of immense IT activities with presence of IT Companies such as **Wipro, TCS, Cognizant, IBM, Capegemini**.

- *Projects:* Students are encouraged to take up projects on modern days World class problems under the guidance of our teachers as a part of their independent study. Arrangements are made for practical training on live projects in conjunction with leading companies in the industry.

- *Interaction with Business Leaders:* Students have the opportunity to interact with leading management thinkers, corporate leaders and entrepreneurs, and other high profile personalities from govt. organizations and NGOs at various forums/workshops organized by IIIT Kalyani.

Courses: The institute provides 4 years B.Tech degree in Computer Science and Engineering (CSE). As usual the first courses consists of basic programming and computer related subjects along with basic science *i.e.* Mathematics, Physics, Chemistry. The core subjects of computer science have been incorporated in the middle semesters giving students an early exposure to Data Structure & Algorithms, Networking, Operating Systems, Compilers, basic Software Engineering, Computer Architecture & Organizations, Electronics & Electrical Engineering, Machine Learning, NLP, Data Analytics and more time for learning the advanced topics. The electives too add to their developmental skills. A detailed list of various topics covered in the course is available on the institute website `www.iiitkalyani.ac.in`.

Placement: IIIT Kalyani had a successful placement session during 2017-18. Some of the companies where our students got placed are: ***NDL, FOSSEE, Ittiam, Mihup, Apt Software, Smartprix, Infologitech Systems, Adecco*** *etc.* The students got offers from both on-campus and online/off-campus selection process. The statistics so far is:

- Total students: 40
- Total Jobs Offered: 44
- Highest Salary: 11 LPA
- Average Salary: 4 LPA
- Percentage of Student Placed: 90%

Apart from this, students have taken up the option of higher studies and have shown exemplary result:

- Total students qualified for GATE-2018: 12, Best Rank- 334 (shortlisted by IIT Bombay & IISC Banglore)
- Total students qualified for CAT-2018: 02- Best : 95.17% (selected by IIM Banglore)
- Total students qualified for BARC: 01, Rank 72.

Internship:

- All students of (2014-2018) batch were offered internships in reputed organizations like, ***IISc Bangalore, IIT Kharagpur, IIT Bombay, C-DAC Kolkata, C-DAC Pune, VECC Kolkata, SNLTR Kolkata, SkyBits Technologies Pvt. Ltd***. They are working in national level projects like *National Digital Library, FOSSEE* and others.

- 100% of (2015 - 2019) batch pursued internships in reputed institutes like *IIT Kharagpur, IIT Patna, NIT Durgapur, NIT Kurukshetra, C-DAC Pune etc.*

Achievements:

- Team from IIIT Kalyani represented in TechNest, IIT Hyderabad and emerged as second

runner up.

- Team from IIIT Kalyani represented in Smart India Hackathon.
- IIIT Kalyani has a very healthy coding culture, with among top 100 rankers in many competitions organized by **_CodeChef, HackerRank, CodeNation, CoderByte, InterviewBit_** _etc._

Current Strength: Currently the strength of final year is 70 students and the pre-final year has 65 students.

Training & Placement Cell: The Institute with the coordination of Training and Placement Cell provides all audio-visual facilities for presentations, conferences, written tests, group discussions and personal interviews. After confirmation by the company, a pre-placement talk and interview can be arranged on a mutually convenient date. If a your company desires to hold online tests for the candidates, the arrangements will be made in the computer center on prior intimation. Up to 100 students can take up the test at a time with the help of available internet connection.

The following are the the Official members of T&P Cell under TPO sir,

TPO:
Mr. Sudeep Chowdhury (`sudeep@iiitkalyani.ac.in`)

Student Representatives:
Anuj Kr. Pathak (`anujpathak@iiitkalyani.ac.in`)
Shailja Thakur (`shailja@iiitkalyani.ac.in`)
Tanmay Bagdi (`tanmay@iiitkalyani.ac.in`)
Sayan Shankhari (`sayan@iiitkalyani.ac.in`)
Gaurav Misra (`gaurav@iiitkalyani.ac.in`)
Shruti Sharma (`shruti.ss48@gmail.com`)
Gourav Sharma (`gouravsharma2698@gmail.com`)
Krushna Pavan (`krushnapavan9@gmail.com`)

We are confident that, in IIIT Kalyani, you would find candidates meeting your requirements in practically about every field of interest to your organization. It will be our immense pleasure to assist you in your recruitment efforts. We are looking forward to mutually beneficial and evergreen relationship with your esteemed organization and building a strong community together.

Thank You.
